Subject: New NCWISE Positions Requested by DPI

As you know, Session Law 2007; Chapter 323, Section 7.22 allows the State Board of Education, in consultation with the Office of Information Technology Services, to use funds appropriated in the act for NCWISE to create a maximum of 10 positions. A request for the 10 positions was submitted for consideration by OSBM and ITS staff. We have determined the following positions to be warranted at this time: two IT Technology Support Analysts; one SAS Senior Programmer Analyst; one JAVA Senior Programmer Analysts; three System Administrators; and three Database Administrators.

I am approving your request to establish ten positions for NC WISE.
